## GENERAL PRICE LIST

200 Rollingwood Drive, Vallejo, CA 94591

Prior to drafting any contract for goods or services, the responsible party or the decedent's survivor who is handling the funeral arrangements is entitled to receive a copy of any preneed agreement in the possession of the funeral establishment that has been signed and paid for, in full or in part, by or on behalf of the decedent.

The goods and services shown inside are those we can provide to our customers. You may choose only those items you desire. However, any funeral arrangements you may select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

Price is important. **NO ONE SHOULD PAY MORE THAN IS NECESSARY FOR ANY SERVICE.** You can be assured that our charges are based on actual expenses and that our total prices for funerals, cremations, markers and outer containers are very competitive. Even more important, you receive courteous, personalized service from a staff dedicated to meeting your needs; people who will listen and make sure that every detail is followed to completion.

This list does not include prices for certain items that you may ask us to buy for you, such as cemetery property, obituaries, etc. The prices for those items will be shown on your bill or the statement describing the funeral goods and services you selected.

The least expensive caskets are particle board, usually with cloth covering. Metal caskets vary in price because of the thickness of the steel, quality of hardware and fabric used for the interior. Semi-precious metals, (i.e. copper or bronze) cost more but offer greater protection for those who seek it. Hardwood caskets fall in a medium price range and their price is affected by the amount of hand finishing used to complete the product.
