“ David was a great guy. When i was a kid i would hang out with his son all the time and i guess i knew david but i didnt know. When him and tawny got together is when he became apart of my life too. When i met him its like we had been friends for years we would just sit and chop it up about life. One day i was on my way to vallejo to visit them and on my way i crashed my truck. I called them to come help and they didnt hesitate. I was standing in the rain with my keys locked in my crashed truck on the side of the freeway. An hour later david and tawny were there and he got it unlocked and we put water in my engine because my coolant reservoir broke. We stopped at about 5 gas stations doing that til we got to vallejo. When i got there he treated me like family and him and his mother karen opened up their home to me as if it was my home too. When i woke up the next morning i went outside and he had pulled off my whole front end and even bought me a new reservoir so i could make it back to fresno! I couldnt thank that man enough for doing that for me and now idk how i could ever show my appreciation but he was loved by so many and i thank him for adding more poeple to my family.

“ I remember a time when Dave pulled up to my apartment blasting a Maroon 5 song called Sugar.... made me laugh because he was so into it. He got out of his car and was like Eduvina I want you to hear this song and watch the video to it... he was so excited, I watched the video and I thought it was sweetest thing ever .I remember Dave saying see I told you you'd love it. I remember a time when my kids and I needed a place to sleep for the night and Dave came through and was there for us no questions asked. With his kids and mine we shared many memories, Dave was such a good father he loved his girls more then words could say. From the dinner at Buttercup with all of us to racing you in your truck down Wilson Ave, all the tears and the laughter we shared I will cherish forever. We will never forget you Dave you'll be in our hearts as you always have been. Fly high and soar great my friend I love always until we meet again.
