“ I used to work as a Medical Technologist in UST Hospital Pay Laboratory, Section of Special Tests from 1995 to 2002. Mommy Delfin (as I call her) visits the laboratory once a week as a consultant pathologist. She was a very sweet, cheerful and calm lady. She always stay in our Section and sits with us on our working table. Signs the laboratory reports while chitchatting with us. She always bring stuff from US and sells them to us, I remember I purchased my Anne Klein watches from her...and mind you, she sells them in a very friendly price and "payable when able". During our duties together, she would always give us money to buy any food, like pandesal for us to share during our coffee break. Mommy Delfin...thank you for the happy memories...Hug lola Dra. Antonia Raymundo, Mommy Dra Yatco and Dra. Santiago for me, when you see them up there. Mommy Delfin, I will miss you. Rest in peace! 🙏
