E(

“ *The last time I saw you Auntie Jesusa was when you celebrated your 80th birthday. You were very happy with your family and nearest relatives. Most of your children are residing out of state but Donato was always there to run errands for you because he lives close by. I only happened to know your whereabouts from your sister, Auntie Helen and your children who live from Las Vegas and Missouri. I was alerted that you were tested positive but then you survived it. You were strong and determined to live longer by then. You weren't ready yet. But then after you celebrated your 84th birthday last March and suffering from breathing problems and other health issues...time had come to let it go. You had a beautiful life for years eventhough you missed all your children by your side. You accepted it with grace and belief that God will forever bless you till you join Him and angels in heaven. May you rest in eternal peace with the Lord.*
