“ *Mayra was my most loyalist friend in life. She was consistent and never wavered as a friend. She was my ride or die. We became family over 30 years plus. Mayra was a true definition of what a best friend is. I spoke with Mayra nearly every day and we talked about everything. We spent a lot of time together walking at lunch time to various places, going to lunch at various places and spending time together on weekends. Mayra was always in attendance at my social events, she not only attended she helped to set up and clean up afterwards without being asked. I loved Mayra as a sister and will always cherish her in my heart. Never goodbye but see you later!!!*

“ *Mayra was usually quiet. But when she would visit us in Klamath Falls, she would talk a lot! I remember going to Crater Lake and walking down to the water. Just spoke to her in November. Mayra, my sister (Annette) and I had a nice long conversation and we laughed a lot. May you rest in peace, Mayra. Love,

“ We were high school friends. We would meet every day at the bus stop and go to school together. After school we would meet up and take the bus home. Later she would watch my two oldest once in a while, but we enjoyed my third and her first pregnancy together. She was a great friend and we kept in touch on holidays and birthdays.
