“ I remember the first day me and my siblings met you. You came in to our lives and played a huge role for us, a mother. You had done so much for us that I wouldn't even know what story to pick. If it wasn't for you, I probably wouldn't be in the position in life that I am. You took us out of a place where most people don't make it out and gave us a new start. Put structure in our lives that we needed and pushed us to do the very best. You were there for every accomplishment and showed how proud you were. Even tho you didn't birth us, no one could tell you that you didn't haha! Not once ever did you consider us your step kids but to you we were everything you ever wanted. You told everyone about us and how proud you were and you always made us feel like you were nothing less than our mom. Thank you for the life you set for us and thank you for bringing a son into this world to leave for us as apart of you. I cant wait for Noah to be apart of my life. If you could speak to my mom I know she would tell you thank you for taking care of us the way you did. We love you so much and may you rest in peace. If there is a heaven I know you are looking down at us cheering us on.

“ This news shook me. We met at a pretty low point in my life, and I didnt have many people around that I would call friends. But you were a good friend to me. You were there for me, and help me when you could, and I'll never forget you. Rest Easy
